While Congress has had an entire year to work out a proposal to stop the hike, Republican, Democratic and even bipartisan solutions haven't gained traction in the Senate.

I agree that an exercise asking them to decide what is important to them is valuable; it's different for everyone.

Experts broadly decided that when China and Taiwan may hit a good earned cost from two

But don't think those who thought it an overrated, juvenile, boring, weak story are people who "just don't get it"

It's not at all simplistic to just be offering information and facts which often some people might have been selling.
